

25 OCT 1978

NOTE FOR: Director of Logistics

VIA: Chief, Real Estate and Construction Division, OL  
Chief, Field Engineering Branch, RECD/OL

FROM: [REDACTED]  
Project Engineer, FEB/RECD/OL

SUBJECT: Relocation of OTS Personnel (S)

(S) The proposed relocation of OTS personnel from [REDACTED] has been reversed. Because of high renovation costs and other complications that increased their requirements to 28,500 square feet, OTS has reevaluated their consolidation plan. The revised plan calls for OTS personnel at [REDACTED] to relocate to [REDACTED]. Under this plan, only 16,000 square feet of new construction is required. [REDACTED], OTS coordinator, has requested this information be tightly held until the Director of OTS officially receives approval from the Director of DDS&T.
